Instruction

Write code to hide or show images

Help

https://www.w3schools.com/jsref/tryit.asp?filename=tryjsref_style_display_toggle

Start Code

```
let showImage = () => {  
  // your code here  
}  
let hideImage = () => {  
  // your code here  
}
```

```
let btnShow = // your code here;  
let btnHide = // your code here;
```

```
btnHide.addEventListener('click', hideImage);  
btnShow.addEventListener('click', showImage);
```
